Roger McAdoo, Principal

Dear Parents,

We have received reports that some of our students at Robert E. Lee High School may engage in a practice they refer to as “teeing.” This reportedly involves senior boys shaving the heads of freshman boys in random patterns. According to reports, this practice occurs off campus. The administration at Robert E. Lee does not in any way condone this activity. If this behavior were attempted on campus, students involved could be subject to severe consequences that might include placement at the Discipline Alternative Education Program (DAEP).

The District is limited in terms of actions that can be taken in response to incidents that occur off campus and not at school-sponsored functions. Therefore, we are asking for your help to stop this behavior from occurring. We ask all of our parents not to allow your child to participate in this practice. Please help us to ensure the safety of all of our students.

If you have any questions or concerns, please feel free to contact the school.

Sincerely,

Roger McAdoo

Principal, Robert E Lee High School
