

Mrs. Mullins' Kindergarten Class

What we are learning November 16-20

Reader's Workshop:

- *identify punctuation marks and their purpose
- *focus on sentences and word boundaries
- *locate and identify letters Mm and Rr in the big book
- * independently write about his/her favorite part of Mouse Mess

Writer's Workshop:

- *create and use a schematic web about playing with friends
- *sequence the parts of the book, The Flower Garden
- *write a "how to" about planting lima beans
- *independently write about what he/she will do for Thanksgiving

Word Study:

- *Identify the letter/sound/writing for letters Mm and Rr
- *Practice oral blending and segmenting words

Math:

- *build comparative language skills by using the words more, less, greater, fewer and the same

Science:

- *discover that soil is composed of living organisms and non-living objects
- *view the soil under the ProScope and sort the parts of the soil
- *make a soil flipbook and write about the many uses of soil

What could you practice at home to help?

- *practice the new and old sight words...you should have a total of 30 words
