Buses will run at regular time (4:00 pm) Monday - Thursday

Friday, May 24th buses will run at 12:15 pm

### **Spring Semester Non-Exempt Courses:**

**Dual Credit/Technical Dual Credit courses:** Students enrolled in a Dual Credit course may be required to take the associated semester examination for both college and high school credit. Grades awarded for college credit will follow the policies and procedures of the awarding institution.

**AP/IB courses:** Students enrolled in an AP/IB course who take the associated AP/IB examination are not required to take the Spring Semester examination. If a student does not take the associated AP/IB examination, they will be required to take the spring semester examination.

### **Spring Semester Examination Exempt Courses:**

Courses not outlined above as non-exempt a Fall Semester examination are given at the discretion of the teacher.

**All EOC Tested Courses:** Students are exempt from the Spring Semester Examination for the following courses: Algebra I, Biology, English I, English II, and U.S. History.

Attendance is required for all students during final examinations. Exemptions from finals do not exempt a student from their attendance requirement. If a student does not attend school during a final examination, their exemption status will be revoked and receive a zero for the final examination. At no time can the examinations be taken at an earlier date. If a teacher chooses to give a final examination for fall semester, all students in the course are required to take the examination. The students who meet all of the criteria listed below, in a particular class, will earn the privilege of not having their semester examination included in their SW3 average.

- If the student is passing (70 or greater) and has 3 absences or less, per class, they are exempt.
- Students with disciplinary assignments during the semester to ISS, OSS, or DAEP are not eligible for exemptions.
- Any medical, college visits, or religious events do not count-the student needs to provide adequate paperwork for these absences.

\*College visits, medical and school-related absences DO NOT count toward semester exam grade exemption attendance requirements; all other absences, including excused absences, DO count toward semester exam grade exemption attendance requirements.
