

Food Service Charge Policy, Adult Meals

For all adult meals with an account, the TISD Food Service Department will allow up to 2 day's worth of lunch charges at one time. This amount is set and the register system will not allow any charges past that amount. You are welcome to pre-pay at anytime to avoid charges on your account. Charge slips will be sent to your attention periodically as a reminder of any outstanding balance. You can also view your account, pay, and set up for low balance notifications on the web via Lunch Money Now. Follow the link under the food service tab.

Please note: This only applies to full time staff. Substitutes have a no-charge policy.

We appreciate you dining with us!
